

DIVORCE POISON

by **Dr. Richard A. Warshak** *a clinical, research, and consulting psychologist in private practice and a clinical professor at the University of Texas Southwestern Medical Centre.*

Divorce Poison is a breakthrough book. Original, well-written, balanced, and filled with insights, it is the perfect book for any parent who has been the victim of bad-mouthing. Prior to Divorce Poison, the common wisdom for a bad-mouthed parent was to say nothing. Dr. Warshak explains why that is like leaving the poison in your child's system; he helps parents identify and respond to bad-mouthing in a way that benefits the child.

Review by Warren Farrell, Ph.D., author of *Father and Child Reunion* and *Why Men Are the Way They Are*
